Black Badge Hall of Fame updated!

Posted 10.10.23

We've overhauled the Black Badge Hall of Fame page! For anyone unfamiliar, the BBHOF is our online record of everyone who's won DEF CON's ultimate prize- a limited edition badge that comes with lifetime free entry and eternal glory. If you're not on the list, maybe it's time to get a plan together.

And while we're talking about contests, you can check the contest results for DC31 here. Congratulations to the winners and respect to everyone who gets in the arena.
